

# Exeter Community Food Network

## Terms of Reference

**Aims:** To bring together local food projects to share ideas and resources and promote greater food awareness in the city

- Objectives:**
- to maintain e-group/database
  - to organise 3-4 annual meetings of interested parties
  - to encourage and extend good practice
  - to promote educational events on food
  - to develop initiatives which improve health through better nutrition and food-related activity
  - to support community food projects in Exeter
  - to maximise resources on food growing, learning and sharing
  - to share a common identity and publicity
  - to better link local food growers, producers and consumers
  - to work with public agencies on food issues
  - to promote food-focussed social enterprises
